

WESTERN AREA  
CAREER & TECHNOLOGY CENTER

**School Reopening  
Health and Safety Plan**

**2020–2021**

While it is not possible to eliminate all risk of furthering the spread of COVID-19, current science suggests there are many steps schools can take to reduce the risks to students, teachers, and their families. Western Area CTC will encourage all students to take necessary precautions and recommendations from the Centers for Disease Control and Prevention and/or the Pennsylvania Department of Education. Knowledge regarding COVID-19 is constantly changing as new information and treatments become available. These recommendations will be adjusted as needed as new information becomes available in order to decrease the risk of exposure for our students, staff, and instructors.

Adult students will also follow this Plan but will be responsible to self-monitor their health and report to their instructor. All adult students must wear a face mask or shield on school premises.

***This Plan is subject to change based upon any current or future orders issued by any of the following: the Pennsylvania Secretary of Health, the Pennsylvania Secretary of Education, and/or the Centers for Disease Control and Prevention.***

## Health and Safety Plan: **WESTERN AREA CAREER & TECHNOLOGY CENTER**

### Type of Reopening

- Total reopen for all students and staff (but some students/families opt for distance learning out of safety/health concern).

Considering the ever-changing landscape of COVID-19, the Reopening Plan must afford flexibility. Students will attend in-person instruction if possible Monday through Friday in the “green” and “yellow” phases. Should student(s) be unable to attend in-person instruction, the respective student(s) will be provided with a blended online synchronous and non-synchronous option. Should the school return to “red” phase, students will be moved to distance learning.

Anticipated launch date for in-person learning: **AUGUST 24, 2020**

### Pandemic Coordinator/Team

The Pandemic Coordinator and Team is responsible for facilitating the local planning process, monitoring implementation of the Western Area Career & Technology Center Health and Safety Plan, and continued monitoring of local health data to assess implications for school operations and potential adjustments to the Health and Safety Plan throughout the school year.

Individual(s)	Stakeholder Group Represented	Pandemic Team Roles and Responsibilities
Rebecca Cecchini	School Nurse	Plan Coordinator / Response Team
James J. Westfall	Teacher	Response Team
Josh Layton	Paraprofessional / Support Staff	Response Team
Michele L. Eaborn	Teacher	Response Team
Dr. Dennis J. McCarthy	Executive Director	Response Team / Plan Development
Dean LaSalvia	School Police Officer / Safety	Response Team
Tonya Decker	School Counselor	Response Team
Mary DeProspero-Adams	Principal	Response Team
Brad F. Worls	Information Technology Coordinator	Response Team
Kimberly Siegman	Business Manager	Response Team
James Knapp	Joint Operating Committee	Response Team
Dennis A. Dull	Adult Education Coordinator	Response Team
Anthony Venditti	Maintenance Supervisor	Response Team

## Social Distancing and Other Safety Protocols

- Classroom seating is spaced 6 feet apart from other students when the class is small. Larger classes will be moved to larger rooms in the building.
- Student quantity will be limited so not to have contact with other students and instructors.
- New policies will be in place to address social distancing inside and outside the building. Social distancing concerns will be monitored by the School Police Officer, Principal, and School Nurse.
- The School Nurse will address all classes about hand washing, social distancing, using tissues for coughs/sneezes, use of appropriate face covering, and the importance of not touching eyes, nose and mouth. Custodial staff will clean throughout the day to address hygiene issues.
- The School Police Officer, School Nurse and Principal will ensure that students waiting for buses will follow social distancing rules set by the school.
- Visitors entering the building will be required to wear masks and use hand sanitizer outside the door. Signs will instruct visitors on building entry requirements. Rules will be the same for everyone, including salespersons, stakeholders.

## Monitoring Student and Staff Health

### PROTOCOL FOR STUDENTS, FACULTY AND STAFF THAT ARE SUSPECTED TO BE ILL

- Parents should take their child's temperature prior to leaving for school. If the child has a temperature of 100.4 or higher, they should remain home.
- Faculty, staff and third party contractors should take their temperatures before leaving for work. If the employee has a temperature of 100.4 or higher, s/he should remain home.
- On a daily basis, the School Nurse and School Police Officer will take temperatures of all staff and students as they enter the building.
- To prevent potential exposure and spread of infection, WACTC will utilize a "sick" area for staff or students who experience symptoms associated with COVID-19. This protocol should be followed by both staff and students. Any student who becomes ill or has a temperature at Western Area will be quarantined in the Sick Area until such time as the parent/guardian arrives to take the student home.
  - Sick Area – Please call the office immediately to notify them that a student or staff member appears to be sick. Potentially infectious persons will need to be immediately assessed, and isolated if necessary. The office will provide direction on how to proceed and will instruct the staff member to send the student to the Sick Area or to report there themselves if they are experiencing symptoms. Reasons to call the office for a "sick" child include suspected fever, shortness of breath, severe coughing, apparent respiratory distress, decreased level of consciousness, confusion, etc.
- The School Nurse will monitor students during the day to ensure that no student is showing signs of illness.
- In case of illness, the School Nurse will make the decision to send students and/or staff home.
- Adult students, if ill, are asked not to come to class.
- Teacher will send home any adult education student that is ill.

## RETURN TO WORK/SCHOOL FOR EMPLOYEES AND STUDENTS PROTOCOL PER THE CDC

This guidance is based on current available information about COVID-19 and is subject to change as additional information becomes available.

The decision to discontinue isolation should be made in conjunction with an individual's physician and under the context of local circumstances (i.e. testing availability, community spread, underlying personal health issues, etc.). Physician clearances will need to be submitted to Western Area CTC administration before returning to work/school.

Per CDC Guidelines:

**Persons with laboratory-confirmed COVID-19 who HAVE symptoms and are directed to care for themselves at home may discontinue isolation under the following conditions:**

- Symptom-Based Strategy. Exclude from work/school until:
  - At least 10 days have passed *since symptoms first appeared*.
    - ✓ At least 3 days (72 hours) have passed since recovery, defined as resolution of fever without the use of fever-reducing medications and
  - Improvement in respiratory symptoms (e.g., cough, shortness of breath); and
  - Written clearance from the individual's medical provider.
- Test-Based Strategy. Exclude from work until:
  - Resolution of fever without the use of fever-reducing medications and
  - Improvement in respiratory symptoms (e.g., cough, shortness of breath), and
  - Written clearance from the Individual's medical provider.

**Persons with laboratory-confirmed COVID-19 who HAVE NOT had ANY symptoms:**

- Time-Based Strategy. Exclude from work/school until:
  - 10 days have passed since the date of their first COVID-19 diagnostic test assuming they have not subsequently developed symptoms since their positive test.
  - An individual develops symptoms, then the symptom-based or test-based strategy should be used. Note: Because symptoms cannot be used to gauge where individuals are in the course of their illness, it is possible that the duration of viral shedding could be longer or shorter than 10 days after the first positive test.
- Test-Based Strategy. Exclude from work/school until:
  - Resolution of fever without the use of fever-reducing medications and
  - Improvement in respiratory symptoms (e.g., cough, shortness of breath), and
  - Written clearance from the individual's medical provider.
  - For 3 days following discontinuation of isolation, these persons should continue to limit contact by social distancing (stay 6 feet away from others) and limit potential of dispersal of respiratory secretions by wearing a covering for their nose and mouth whenever they are in settings where other persons are present. In community settings, this covering may be a barrier mask, such as a bandana, scarf, or cloth mask. The covering does not refer to a medical mask or respirator.

**All changes in the current situation will be communicated to the entire community by the Executive Director, in collaboration with the superintendents of each sending district. All stakeholders will be trained in the safety expectations by CTC administrators and staff. These trainings will signify preparedness for the schools to reopen as safely as is possible considering the current circumstances.**

**Student/Staff Travel** – If a student or staff member has traveled, or plans to travel, to a “*Hot Spot*” state, CDC and PA Department of Health guidelines “highly” recommended that you quarantine for 14 days upon return to Pennsylvania. Western Area is highly suggesting that you quarantine for 14 days as well, during which time students will receive remote learning.

## Other Considerations for Students and Staff

- Teachers will wear face coverage all of the time. Students can wear shields, respirators, masks.
- Staff and student temperatures will be monitored. Determination will be made by School Nurse if necessary to send teachers/students home. Students will be isolated until picked up by parent/guardian.
- Western Area CTC is currently advertising for substitutes to ensure adequate coverage.
- Google and Zoom classrooms will be available to all students during school closures to ensure all students have access to quality learning as well as social, emotional and wellness support at school and home.

## Health and Safety Plan Communications

Western Area Career & Technology staff and administration realize that timely and effective family and caregiver communication concerning health and safety protocols and schedules are critical. Additionally, Western Area will has established and will maintain ongoing communication with local and state authorities in an effort to determine current mitigation levels throughout the communities serviced by administration and staff.

Topic	Audience	Lead Person and Position	Mode of Communications	Start Date	Completion Date
<b>School Reopening Plan</b>	Staff, Faculty, Community, Parents/Guardians, Students	Administration	Communicator, Web Site, Emails, Mailings, Board Meetings	July 2020	August 2020

<b>School Opening Safety Requirements Notification of Classes</b>	Parents Local and State Agencies	Administration	Communicator, Web Site, Emails, Mailings, Board Meetings, Personal Telephone Calls	July 2020	August 2020

## Health and Safety Plan Summary: **WESTERN AREA CAREER & TECHNOLOGY CENTER**

Anticipated Launch Date: **August 24, 2020**

### Facilities Cleaning, Sanitizing, Disinfecting and Ventilation

Requirements	Strategies, Policies and Procedures
<ul style="list-style-type: none"><li>• <b>Cleaning, Sanitizing, Disinfecting, and Ventilating Learning Spaces, Surfaces, and Any Other Areas Used by Students (i.e., Restrooms, Drinking Fountains, Hallways)</b></li></ul>	<ul style="list-style-type: none"><li>• A deep cleaning of all facilities has been conducted to ensure buildings are ready to safely welcome staff and learners. Continued daily cleaning of school and frequently touched objects, including door handles, sink handles and drinking fountains with soap and water will decrease the virus on surfaces.</li><li>• CDC-approved disinfection products meeting OSHA requirements for the elimination of the COVID-19 virus have been procured to sustain sanitation efforts throughout the 2020-2021 school year.</li><li>• Daily cleaning will occur after school hours. During instructional times, communal areas will be cleaned on a regular basis with particular emphasis on high contact areas.</li><li>• Hand sanitizing stations and appropriate amounts of hand sanitizer have been procured to ensure availability for all persons during instructional hours.</li><li>• While the sharing of instructional materials will be limited, sanitation wipes will be provided in all areas to disinfect any items that may be shared. This, combined with the cleaning schedule, will allow the safest possible environment for learners, faculty and staff.</li><li>• All maintenance and custodial staff will be trained in the disinfection protocols required to safely open instructional spaces. Further, all faculty and staff will be trained in regard to our School Reopening Health and Safety Plan. These trainings have already begun and will continue throughout the school year. The Executive Director and his administrative team will review, lead, and participate in associated trainings. Preparedness will be based upon observable data gathered by this team.</li><li>• At Least daily and throughout the day disinfecting schools and transportation vehicles using <a href="#">EPA-approved disinfectants against COVID-19</a> to reduce the risk.</li><li>• Ensure ventilation systems operate properly and increase circulation of outdoor air as much as possible, for example by opening doors. Windows and doors will not be opened if doing so poses a safety or health risk (e.g., risk of falling, triggering asthma symptoms) to students using the facility.</li></ul>

## Social Distancing and Other Safety Protocols

Requirements	Strategies, Policies and Procedures
<ul style="list-style-type: none"> <li>• <b>Classroom/Learning Space Occupancy that Allows for 6 feet of Separation Among Students and Staff Throughout the Day, to the Maximum Extent Feasible</b></li> <li>• <b>Restricting the Use of Cafeterias and Other Congregate Settings, and Serving Meals in Alternate Settings Such as Classrooms</b></li> <li>• <b>Hygiene Practices for Students and Staff Including the Manner and Frequency of Hand Washing and Other Best Practices</b></li> <li>• <b>Posting Signs in Highly-Visible Locations that Promote Everyday Protective Measures and How to Stop the Spread of Germs</b></li> <li>• <b>Limiting the Sharing of Materials Among Students</b></li> <li>• <b>Staggering the Use of Communal Spaces and Hallways</b></li> <li>• <b>Limiting the Number of Individuals in Classrooms and Other Learning Spaces and Interactions Between Groups of Students</b></li> <li>• <b>Other Social Distancing and Safety Practices</b></li> </ul>	<ul style="list-style-type: none"> <li>• Spaced seating (utilize outdoor space as practicable and appropriate)</li> <li>• Mark spaced lines to enter the café; designate entrances and exit flow paths; stagger use.</li> <li>• Conduct cleaning of café and high-touch surfaces throughout the school day.</li> <li>• Allow student hand washing before and after each activity.</li> <li>• Provide hand sanitizer for students and staff. <a href="https://www.cdc.gov/coronavirus/2019-ncov/communication/print-resources.html?Sort=Date%3A%3Adesc">https://www.cdc.gov/coronavirus/2019-ncov/communication/print-resources.html?Sort=Date%3A%3Adesc</a></li> <li>• Provide face masks for all teachers; allow students to wear face masks / coverings.</li> <li>• Screen students and teachers for symptoms of illness and utilize spaced seating (to the extent practicable).</li> <li>• Eliminate field trips.</li> <li>• Clean and disinfect frequently-touched surfaces at least daily.</li> <li>• Establish protocols for releasing students to buses to minimize congregation of students.</li> </ul>

## Monitoring Student and Staff Health

Requirements	Strategies, Policies and Procedures
<ul style="list-style-type: none"> <li>• <b>Monitoring Students and Staff for Symptoms and History of Exposure</b></li> <li>• <b>Isolating or Quarantining Students, Staff, or Visitors if They Become Sick or demonstrate a History of Exposure</b></li> </ul>	<ul style="list-style-type: none"> <li>• Parents should take their child's temperature prior to leaving for school. If the child has a temperature of 100.00 or higher, they should remain home.</li> <li>• Faculty, staff and third party contractors should take their temperatures before leaving for work. If the employee has a temperature of 100.4 or higher, s/he should remain home.</li> <li>• On a daily basis, the School Nurse and Police Officer will take temperatures of all staff and students as they enter the building.</li> <li>• To prevent potential exposure and spread of infection, WACTC will utilize a "sick" area for staff or students who experience symptoms associated with COVID-19. This protocol should be followed by both staff and students.</li> </ul>

Requirements	Strategies, Policies and Procedures
<ul style="list-style-type: none"> <li>• <b>Returning Isolated or Quarantined Staff, Students, or Visitors to School</b></li> </ul>	<p>Any student who becomes ill or has a temperature at Western Ara will be quarantined in the Sick Area until such time as the parent/guardian arrives to take the student home.</p> <ul style="list-style-type: none"> <li>○ Sick Area – Please call the office immediately to notify them that a student or staff member appears to be sick. Potentially infectious persons will need to be immediately assessed, and isolated if necessary. The office will provide direction on how to proceed and will instruct the staff member to send the student to the Sick Area or to report there themselves if they are experiencing symptoms. Reasons to call the office for a “sick” child include suspected fever, shortness of breath, severe coughing, apparent respiratory distress, decreased level of consciousness, confusion, etc.</li> <li>• The School Nurse will monitor students during the day to ensure that no student is showing signs of illness.</li> <li>• In case of illness, the School Nurse will make the decision to send students and/or staff home.</li> <li>• Adult students, if ill, are asked not to come to class. Teacher will send home any adult education student that is ill.</li> </ul> <p>This guidance is based on current available information about COVID-19 and is subject to change as additional information becomes available. The decision to discontinue isolation should be made in conjunction with an individual’s physician and under the context of local circumstances (i.e. testing availability, community spread, underlying personal health issues, etc.). Physician clearance will need to be submitted to Western Area CTC administration before returning to work/school.</p> <p>Per CDC Guidelines:</p> <p>Persons with laboratory-confirmed COVID-19 who <u>have</u> symptoms and are directed to care for themselves at home may discontinue isolation under the following conditions:</p> <ul style="list-style-type: none"> <li>• Symptom-Based Strategy. Exclude from work/school until: <ul style="list-style-type: none"> <li>○ At least 10 days have passed <i>since symptoms first appeared</i>. <ul style="list-style-type: none"> <li>✓ At least 3 days (72 hours) have passed since recovery, defined as resolution of fever without the use of fever-reducing medications and</li> </ul> </li> <li>○ Improvement in respiratory symptoms (e.g., cough, shortness of breath); and</li> <li>○ Written clearance from the individual’s medical provider.</li> </ul> </li> <li>• Test-Based Strategy. Exclude from work/school until: <ul style="list-style-type: none"> <li>○ Resolution of fever without the use of fever-reducing medications and</li> <li>○ Improvement in respiratory symptoms (e.g., cough, shortness of breath), and</li> <li>○ Written clearance from the Individual’s medical provider.</li> </ul> </li> </ul>

Requirements	Strategies, Policies and Procedures
<ul style="list-style-type: none"> <li>• Notifying Staff, Families and Public of School Closures and Within-School-Year Changes in Safety Protocols</li> </ul>	<ul style="list-style-type: none"> <li>○ For 3 days following discontinuation of isolation, these persons should continue to limit contact by social distancing (stay 6 feet away from others) and limit potential of dispersal of respiratory secretions by wearing a covering for their nose and mouth whenever they are in settings where other persons are present. In community settings, this covering may be a barrier mask, such as a bandana, scarf, or cloth mask. The covering does not refer to a medical mask or respirator.</li> <li>• Faculty and staff, high school students, and Adult Education/Practical Nursing/Health-Related program students who have had close contact with a person diagnosed with COVID-19 must stay home for 14 days and may return after being symptom-free for 3 days without the use of fever-reducing medication and a negative test.</li> <li>• All changes in the current situation will be communicated to the entire community by the Executive Director, in collaboration with the superintendents of each sending district.</li> <li>• Communicator, Web Site, Emails, Mailings, Board Meetings, Personal Telephone Calls</li> </ul>

## Other Considerations for Students and Staff

Requirements	Strategies, Policies and Procedures
<ul style="list-style-type: none"> <li>• Protecting Students and Staff at Higher Risk for Severe Illness</li> <li>• Use of Face Coverings (Masks or Face Shields) by All Staff</li> <li>• Use of Face Coverings (Masks or Face Shields) by Older Students (as appropriate)</li> <li>• Unique Safety Protocols for Students With Complex Needs or Other Vulnerable Individuals</li> </ul>	<ul style="list-style-type: none"> <li>• All staff, faculty, and third party contractors will be required to wear face coverings in both the 'yellow' and 'green' phases. Students will be required to wear face coverings during 'yellow'.</li> <li>• Face coverings will be provided to students based on their age or any special circumstances they may have. Students and staff will be provided alternative options for learning and employment during the 2020-2021 school year. <ul style="list-style-type: none"> <li>○ High-risk students will be provided the option of a full virtual learning experience throughout the entire school year. This environment will include all necessary accommodations and related services to meet their individual needs.</li> </ul> </li> </ul>

Requirements	Strategies, Policies and Procedures
<ul style="list-style-type: none"> <li>• Strategic Deployment of Staff</li> </ul>	<ul style="list-style-type: none"> <li>○ High-risk teachers will be offered the opportunity to work remotely for the duration of the 2020-2021 school year. This may necessitate the reallocation of human resources to support this initiative.</li> <li>○ Other staff will be provided alternatives provided through current governmental legislation.</li> <li>• Instructional and non-instructional staff will be deployed to meet student needs. An individual learning plan will be created for each student. Based upon the analysis of the plans by administration and faculty, human resources will be deployed appropriately. These supports will be made available to students in both the brick and mortar and virtual environments.</li> </ul>

# Health and Safety Plan Governing Body Affirmation Statement

The Joint Operating Committee of the **WESTERN AREA CAREER & TECHNOLOGY CENTER** reviewed and approved the Phased School Reopening Health and Safety Plan on **August 4, 2020**.

The plan was approved by a vote of:

  7   Yes

  0   No

  2   Absent

Affirmed on: August 4, 2020

By:

---

*(Signature\* of Board President)*

Edward A. Szygenda
