

WESTERN AREA CTC UPDATE

MAY 5, 2023

Cosmetology students are visiting area care centers to provide residents with manicure and hair styling services. Pictured above are Samara Charlier (B), Chloe Crowe (T), and Serenity King (T) on a recent visit to The Greenery.

EMT Public Safety - An FBI special agent recently spent the day in our program and discussed the ongoing need for trained EMT personnel.

Health Occupations - School personnel Rob Phillips, Jessica Pettigrew, and Mike Purtell were among participants donating blood during Thursday's blood drive. Thanks to all students and staff for your support to this worthwhile endeavor!

Students with near-perfect attendance (3 or less absences for the school year) were rewarded with a day at *Top Golf Pittsburgh* in Bridgeville. This event came to fruition via our PBIS (*Positive Behavior Intervention & Support*) committee. Thirty-eight students were eligible to participate. But due to work and other scheduling conflicts, only twenty-one students were able to attend. Thanks to everyone who made this event a success.

Congratulations

STUDENT OF THE MONTH
CHELSEA PATRICK (W)
Collision Repair
