From the desk of the Executive Director

The Western Area Career & Technology Center is monitoring the circumstances concerning the recent arrest of a Peters Township School District and part-time Western Area student on criminal charges involving allegations of trafficking in minors, child pornography, sexual extortion and related offenses. To our present understanding, none of the allegations of criminal conduct involve actions occurring at our school. The safety of our students and staff remains our top priority and we will continue our best efforts to ensure that Western Area remains a safe learning environment.

-Michael Milanovich, Executive Director
